SPRING AND SUMMER---1896

# W. J. HESSER'S

WHOLESALE PRICE LIST OF

# PALMS, DRACÆNAS, AGAVES

## AND OTHER DECORATIVE PLANTS

IN presenting this price list of Palms, Dracænas and other decorative plants I would most respectfully thank those who have so long favored me with their patronage, and assure them and those who may become my patrons, that I shall aim by fair dealing to receive a continuance of the same.

My stock is larger and in a better condition than ever before. All plants will be turned out of pots and sent per express unless otherwise ordered. During spring, summer and autumn many plants can be sent by freight, especially large plants, to points reached by the Burlington Route, Missouri Pacific, and Union Pacific railroads. All plants will be carefully packed (no charges for packing or boxing) and delivered at express or freight office at Plattsmouth, Neb., in good order, after which my responsibility ceases.

**Remittances may be made by post office order, express order, draft or registered letter. All claims for mistakes or errors must be made within five days after plants are received.**

**All orders must be accompanied by the cash or satisfactory references, unless from parties of known responsibility to me. You may be perfectly responsible, but I must know it before sending plants.**

**All bills subject to sight draft if not paid within thirty days from date of invoice, unless otherwise agreed before shipment of goods.**

Purchasers should be particular to give names in full, with express and postoffice address, county and state distinctly written, so that no mistakes will occur. All orders and letters should be addressed to

**W. J. Hesser, Proprietor of Palm Gardens, Plattsmouth, Neb.**

Our packing is done in the best of order, all express boxes made of thin lumber; in cold weather will be lined inside and out, so there is scarcely any danger of freezing, unless by gross carelessness of Express Company's employes. Any package received in bad order should be reported at once.

Our Greenhouses and Gardens are located five and a half miles southwest of Plattsmouth. Florists from a distance wishing to visit my gardens will be furnished a conveyance from the railroad and return free of charge, if they will drop us a line two or three days in advance. If you fail to find our carriage at depot, go to Bennett & Tutt's store. You are all cordially invited to come and see our stock. We are sure of a result. You will be pleased with a visit.

As to my business integrity and responsibility I am pleased to refer you by permission to the First National Bank of Plattsmouth.
